Compliance Response AI - User Flow

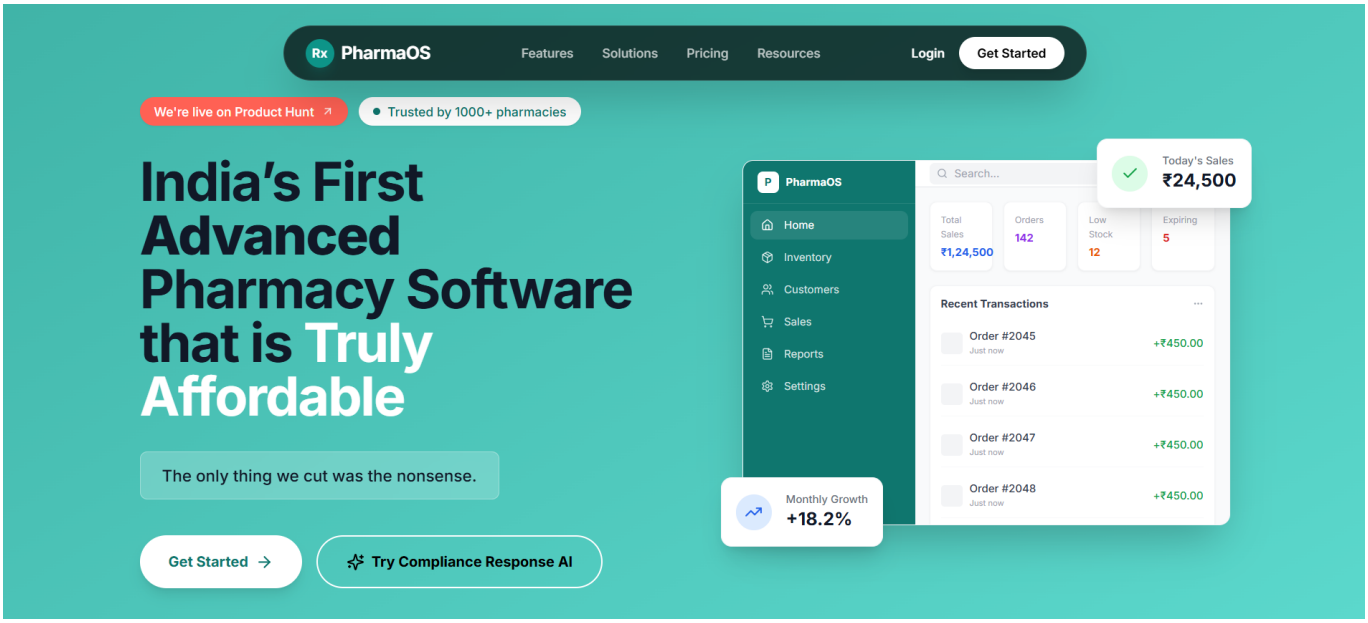
A step-by-step visual guide showing the complete user journey from landing page to AI-powered compliance assistance.

User Journey Overview

```
Landing Page → Login → Dashboard → AI Assistant Landing → Chatbot Interface
```

Step 1: Landing Page

The user arrives at the main landing page and sees the Compliance Response AI introduction.



ACTION **CLICK 'TRY COMPLIANCE AI'**

⬇

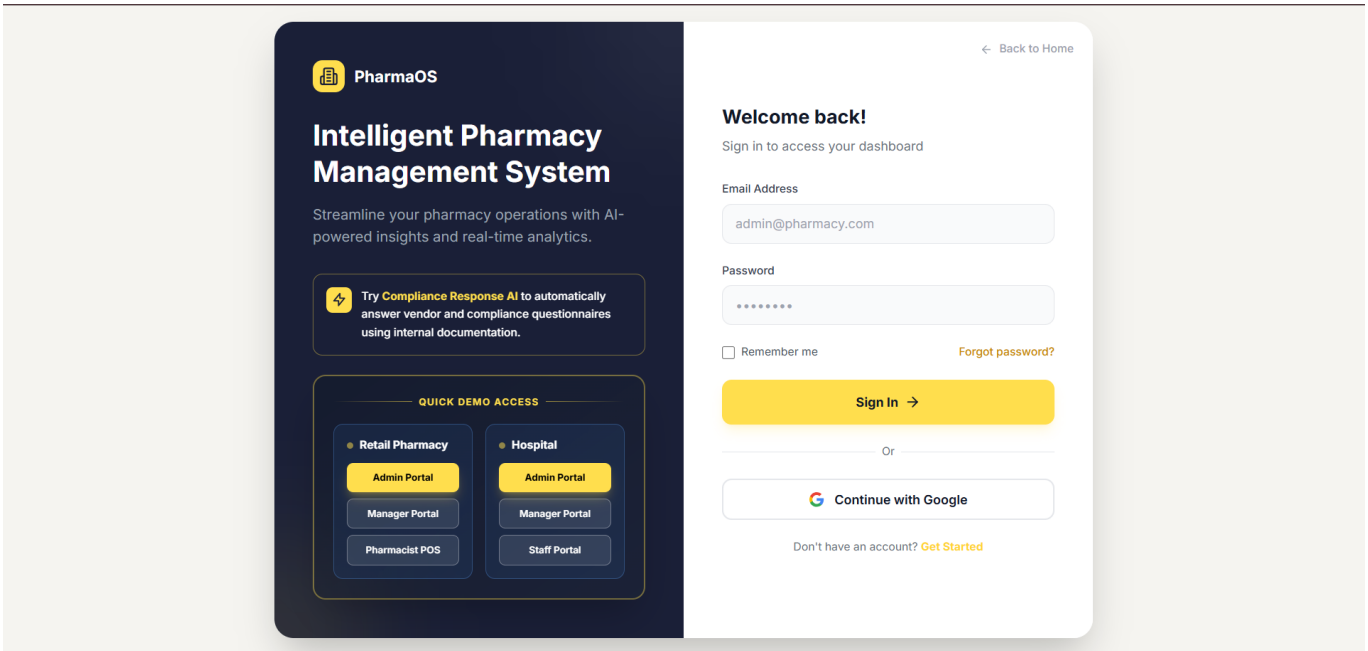
▼

▼

⬇

Step 2: Login Page

User is redirected to the authentication page to sign in with their credentials.



ACTION **ENTER CREDENTIALS & LOGIN**

⬇

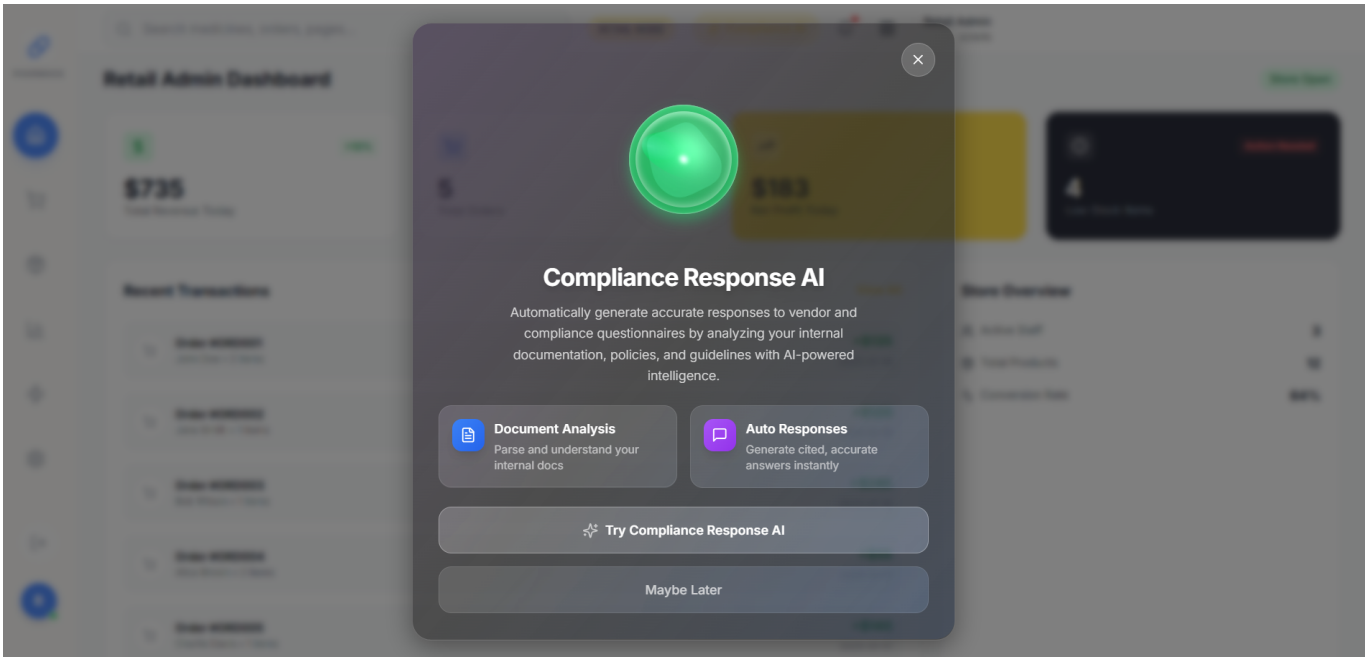
▼

▼

⬇

Step 3: Dashboard with Pop-up

After successful login, the user lands on the main dashboard. A pop-up notification appears prompting the user to try the AI Compliance Assistant.



ACTION **CLICK 'GO TO AI ASSISTANT'**

⬇

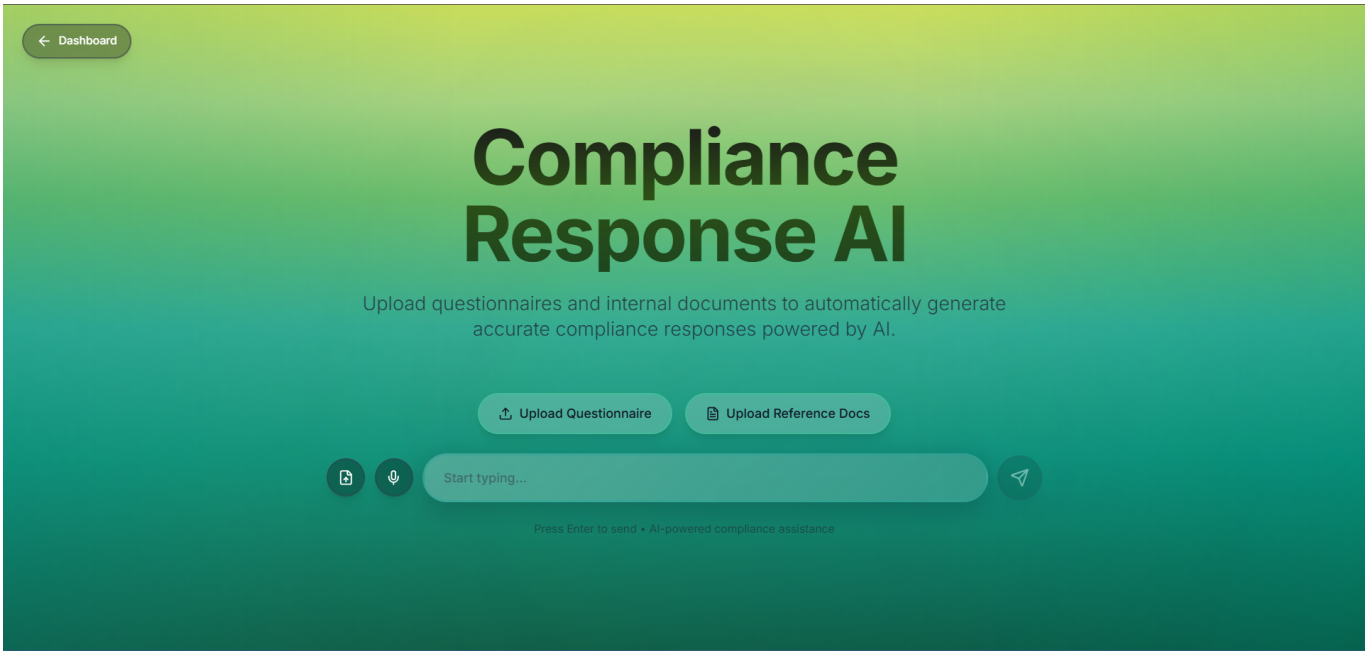
▼

▼

⬇

Step 4: AI Assistant Landing Page

User arrives at the AI Assistant landing page where they can upload documents and questionnaires.



ACTION **UPLOAD DOCUMENTS & CLICK SEND**

⬇

▼

▼

⬇

Step 5: AI Chatbot Interface

The chatbot interface opens, displaying the AI-generated responses with structured answer cards, citations, confidence scores, and export options.

Image Placement Guide

Create a folder `design images/flow/` and add your screenshots with these exact names:

Step	Filename	Description
1	`01-landing-page.png`	Landing page with "Try Compliance AI" button visible
2	`02-login-page.png`	Login form with email/password fields
3	`03-dashboard-popup.png`	Dashboard with pop-up notification visible
4	`04-ai-landing.png`	AI Assistant landing with upload zones
5	`05-chatbot.png`	Chatbot interface showing answer cards

Key Features Shown in Flow

Landing Page

- Hero section with product introduction
- "Try Compliance AI" call-to-action button
- Feature highlights

Login Page

- Email and password authentication
- Demo access option
- Firebase authentication integration

Dashboard

- Pharmacy operations overview
- Pop-up notification for AI Assistant
- Navigation sidebar

AI Assistant Landing

- Document upload zone (PDF, DOCX, TXT, MD)
- Questionnaire upload zone (XLSX)
- Start conversation button

Chatbot Interface

- Structured answer cards per question
- Confidence score visualization
- Citation references
- Evidence snippets
- Edit and regenerate buttons
- Version history navigation
- Export options (XLSX, PDF, DOCX, MD)

This document provides a visual guide to the Compliance Response AI user experience.
